Respected and dear madam,

Greetings!

We in our family had the most pleasant days when
our daughter Ponni delivered a beautiful girl baby at

BACC on 27.4.10.

In Tamil mothers are respected as
"Kudiyimochu Kovil" meaning walking temples who warmly
housed us in their womb. At BACC your team are
dedicated to create such walking temples. It is more
than the job of constructing and consecrating thousands of
temples. We had the warm hospitality and pleasing
discussions with all at BACC. Dr. Sunil and Dr. Claitra
deserve special mention.

May Divine grace shower upon you.
