

Poornima SP & Naveen N #####

During march-08 we had been to BACL, Shivananda Circle. Honestly we were lost there in the crowd & lab.

Dr's & the staff were good but still I felt it is too much crowded. we waited for two three months for beginning of

treatment. - ~~in~~ one fine day we saw a new hospital in Jayanagar with Dr. Kamini Name, we thought let us try here. we later found both are by same doctor & management. But there was a

huge difference, I felt the Dr's, Staff, Front Desk, Cash Counter everything is too good & professional.

I really thank everyone here, they were really above our expectations. I will give 5/5.

Specialy thanks a lot to Dr. Sunitha.

Thanks for her patience, she really guided us with lot of patience & gave timely care.

The care takers are really good & were available 24x7. Totally it was really a homely experience.
