SOMAYA & SURESH BETTADAPUR.

We walked into BACC in March 2004 with a hope in our heart. A hope & dream to become parents. And today we are walking out of Kowini Rao Hospital as proud parents of 2 lovely kids. Yes <sup>with</sup> all our dreams & hopes being accomplished today, we have no words to express our gratitude towards this wonderful Institution. Right from the Security, front desk to the doctors, everyone of them have always cheerfully taken care of us. We like to offer our special, special Thanks to DR. Kowini Rao, DR. Anu & DR. Sunitha.

Thanking all of you once again
